Notes

It is expected that you will be continuing with five subjects that you have shown the greatest progression in. In most cases, no new subjects should be picked. If you would like to do this then please speak to your Guidance teacher first.

If you are unable to pick any of the options in the Columns C – G then please write what your ideal choice is and this will be considered.

Through your tracking and learning conversations, you should be able to state the level that you will be expecting to study at in S4. This will be confirmed by your class teacher.

*If you would like to continue with a Modern Language, please state which language this is from French, German or Spanish.
